

The Garland Amateur Radio club has acquired a large amount of equipment and is now offering it for sale to other area clubs. We feel the prices are fair, but we can be negotiable in some cases if you have a good argument. First email usually gets it so don't delay. Contact Lowell Allen KD5RFD at <lowell_allen@hotmail.com> with any questions or to make arrangements to buy any of the items left available. Please pay attention to the legend at the top of the list for some coding details.
